

WeeklyReport_2018-08-06_08-12_E

work time: $9 + 9 + 9 + 3 + 2 + 5 + 2 = 58$

I complete the teach task for students in VIS school as the teaching assistant and help recording VIS school

Progress

1 Regular

- write 6 ACM problems
- watch one video about Machine Learning and having it Deep and Structured(2017)

I haven't do something about kaggle

2 Project: DimensionReduction

- test the other some large dataset.

3 VIS teaching assistant

- teach students in VIS school
- help recording in 8.6, 8.6
- prepare for the Final defense of VIS school ### 4 Project: RSATree
- read the code about SAT
- prepare to write code next week

Recent perspective

Work	deadline	Tip
RSATree Project	Friday	write SAT code
do Home Credit Default Risk in kaggle	Sunday	commit first try
5 problems on ACM	Friday	

Machine Learning and having it Deep and Structured(2017)	Wednesday	two class
--	-----------	-----------

Long-term perspective

Work	deadline	now
RSATree Project	9.15	read SAT
learn pytorch	10.01	a new plan and has no decision yet
learn d3	10.01	a new plan and has no decision yet
